# Golang Warsaw #30

# Autumn

# JetBrains User Group Support Program

# Licence for
# Good Question or Contribution!

About the program.

# Welcome back!

# Hypatos

# Thank you for hosting us :)

# More speakers!

- You
- Female engineers
- Not only PL
- Person- vs Tech-oriented devs
- More vs Less Dogmatic programmers
- Different experience, senior and junior

Ask your colleagues, as well

# Not only GO

- Tech: https://goo.gl/9XiULU
- K8S, CloudNative, Serverless, Operators
- Best practises, including PR
- Remote team? Opensource contributions?
- CAP? Resiliance? New databases.

# Choose your format

- Formats: 10, 15, 30, 45
- Contact us on
  #poland-warsaw gophers.slack.com

See: .organizers/contact_us.md on our github

# We will support you

# New idea?
## (format, new stickets, cross-meetup, …)

## Let us know!

# TODAY

- ## How to start with Kubernetes go-client
  Wojciech Barczyński

- ## How we develop in Golang, release, and test kubectl who-can plugin
  Daniel Pacak

# Our meetup

- Talks on github:
  golangpoland/meetup_golang_warsaw
- LinkedIn:
  company/golang-warsaw-meetup (>50)
- Twitter:
  @golangwaw (>40)
- Meetup:
  golang-warsaw (>1000)

Looking for sb to help us with twitter.
